Ministry Purpose: Support the American Red Cross by conducting blood drives in the Parish

Activities: Two blood drives are held in the Parish—in May and November. Linda does the sign-ups about two weeks prior to the drive. This helps to publicize the event and reduces waiting time for donors. Goal is to get 25 sign-ups. With no shows or other problems, they generally collect 20 pints of blood. Red Cross is seeking at least this amount to make it worth their effort. The Red Cross does all the medical work.

Number of Participants: Linda has old list of 10 to 12 people who have helped in the past, but she does most of the work now, including the sign-up process.
